La Cala Golf & Spa Resort

Located between mountains and the Mediterranean Sea, La Cala Resort is 20 minutes from Marbella and 30 minutes transfer time from Malaga airport. This idyllic rural retreat is worlds away from the hustle and bustle of the busy coast, yet just 10 minutes from the sweeping Mediterranean beaches of the Costa del Sol.

Each of the 107 superbly appointed rooms are designed to make the most of the stunning views. With a choice of two unique interior styles, each room boasts a private terrace or balcony and generous bathrooms finished in cool marble. Flooded with natural sunlight, the rooms have everything you'd expect – air conditioning, Wi-Fi, mini bar, Satellite TV – plus some added extras, like luxurious under floor heating in our bathrooms. .

There are multiple dining/drinking options, including La Terraza Restaurant (European cuisine with a distinctly Spanish Twist), Laurel Restaurant (against a backdrop of the three golf courses, feast on some Andalusian delicacies) and Bar Najanjo.

Other amenities include outdoor and indoor pools, 3 golf courses and an extensive Spa area with multiple optional treatments awaiting to pamper you after a hard round of golf!

Campo Asia Golf Course

5925 metres, par 72.

Formerly the South Course, the spectacular Campo Asia has plenty of challenging holes, guaranteeing a testing round of golf which puts a premium on the approach shot.

The oldest of our three courses and the one most respected by the professionals, it is narrow and short, with four par 5 holes demanding skill and strategy.

Look out for the 10th with its classic design, and the 5th where the aim of your drive is especially critical. The 18th requires full concentration. Remember not to over-club off the tee or this lengthy par 5 could spoil your scorecard.

Campo America Golf Course

6009 meters, par 72 with five par 5s

Formerly the North Course, Campo America is enhanced by spectacular views to the Sierra de Ojén and Mediterranean Sea.

It's wide, linked fairways and relatively few bunkers make this a slightly easier driving course, though the hilly topography requires a lot of carry across steep brush-covered side slopes. While the small raised greens demand more precise club selection to hit the mark.

There are water hazards on the 9th and 16th.

Campo Europe Golf Course

6014 metres, par 71.

A dramatic course but easier for the average golfer, with generous fairways, flatter terrain and slightly larger greens than Campo America and Asia. Notable for one main bridge and four smaller bridges across the River Ojén, which features in eight holes, cutting across three fairways. There are four tunnels for golf carts.

Water hazards guard the 3rd and 14th greens. The 14th is at the maximum limit of what is allowed for a par 3 at 233 metres. The par 5 11th is the longest hole at 524 metres.
